EDUCATION

Boston University

MS in Media Science, focusing on marketing communication research | Major GPA: 3.95/4.0

- Related Courses: Communication Research Method, Sampling Design and Measurement, Developing Interactivity, Web analytics and Mining

Sep 2019 - May 2021

Boston, MA

Zhongnan University of Economics and Law (ZUEL)

Bachelor of Economics in Insurance | Major GPA: 3.73/4.0

Sep 2015 - Jun 2019

Wuhan, China

RESEARCH EXPERIENCE

CS Department, Metropolitan College, Boston University

Research Assistant, with Prof. Reza Rawassizadeh

May 2020 - Present

Boston, MA

- Paper in submission: Chang Liu, Reza Rawassizadeh, Milad Dehghani, Shahin Gheitanchi, "Scientific or Technological Driving Force? Identifying Trends of Blockchain Technology for Healthcare in Industry and Academia"
- Scraped, cleaned and analyzed thousands of articles from academia repositories (DBLP, PubMed)
- Applied feature engineering, topic modeling, sentiment analysis and visualized research result
- Assisted in editing, designing visualization and running experiments for validation of an under-preparation data science book

Global Development Policy Center, Boston University

Research Assistant, with Prof. Lei Guo

Sep 2020 - Present

Boston, MA

- Conducted content analysis and sentiment analysis on 1000+ news article related to Chinese economy
- Proposed filter rules for fetching news articles, increased article relevance

INDUSTRIAL EXPERIENCE

Netease Games

Intern, Film & TV department

May 2019 - Jul 2019

Beijing, China

- Hosted 6 focus groups and produced analytical reports to provide support for concept design of film projects
- Constructed social media hearing dashboard on pop culture for several departments
- Designed Survey for early-stage film projects to identify investment opportunities, film will premiere in 2021

Kantar Millward Brown

Intern, Quantitative Research

May 2018 - Sep 2018

Beijing, China

- Designed 20+ surveys for elevator advertising effectiveness test projects
- Applied statistical analysis on survey data and resolved client's needs by discovering insights
- Composed 20+ final research reports, visualized data and presented suggestions to clients
- Proposed research design plan for 30+ research projects for clients and got approved

SELECTED PROJECTS

Adobe + Netflix Creative Jam

UX Designer, Co-watching website design

Jun 2020

Boston, MA

- Conducted 3 in-depth interviews to identify users' expectation, generated to specific design objectives
- Designed user flow and created 15+ low-fi and hi-fi wireframes
- Finished all works in 48 hours with teammate and generated an interactive prototype

Chinese Z generation's Choice of Online Video Platforms

Feb 2020 - May 2020

Researcher, Advised by Prof. Michael Elasmr

Boston, MA

- Designed research to find out factors affect Chinese Z generation's choice of online video platforms
- Constructed a test-survey based on The Theory of Planned Behavior model and collected 104 samples
- Analyzed measures and generated final survey for future use with an academic report

TEACHING EXPERIENCE

MET CS 688 A1: Web Analytics and Mining

Summer 2020

Graduate teaching assistant for Prof. Reza Rawassizadeh

SKILLS

Data Science:

- Unsupervised Machine Learning Algorithms: Clustering (k-Mean, k-Medoid, DBScan, OPTICS, BIRCH, Slink, CURE, Diana, Gaussian Mixture Model), Association Rule Mining (Apriori, FP-Growth, Ecalt), Sequence Mining (GSP, SPADE, FreeSpan, PrefixSpan), Topic Modeling (LSA and LDA)
- Feature Engineering: (Time seires, Signal and Image)
- Statistical Analysis (A/B Test, parametric and non-parametric tests, statistical distribution modeling)

Technical: JavaScript, HTML/CSS, Python, SPSS, R, Tableau, LaTeX, SQL

Visual: Photoshop, Illustrator, AdobeXD, Sketch, Axure, Prezi, Final Cut Pro

AWARDS & HONORS

Merit-based scholarship from College of Communication, Boston University

2019

Excellent Individual in Field Research of ZUEL (Top 3%)

2016, 2017

Renmin merit-based Scholarship of ZUEL (Top 15%)

2016, 2017
